My husband and our son have lived in Lock Haven for about 18yrs. My son Dallas is in his first year college at Lebanon Valley. My husband Jamie volunteers with youth basketball and football. ## LHPD

### >>> A MESSAGE FROM OUR POLICE CHIEF

Warmer weather is coming our way and with that weather we will see an increase in outdoor activities. The police department would like to remind motorists to be mindful of this and to please obey posted speed limits and other traffic regulation.

With the change of seasons, we will also see an increase in the use of our many fantastic parks. These parks are great places to spend a nice day in and we ask that you do your part to keep them clean and enjoyable for everyone. Officers make frequent stops in the parks, so if you have any questions or concerns, make sure you let them know.

Having nicer weather will also increase the number of pedestrians downtown enjoying some of the wonderful shops and restaurants. Keep in mind that there is an ordinance prohibiting the use of bicycles, skateboards, and any other wheeled vehicles upon the city sidewalks. Officers will be enforcing this ordinance to keep the sidewalks a safe place to walk.

### >>> PLANNING

Construction for Taggart Park is currently out to bid, and we are excited to get started on the renovations for the softball league and Little League using the field!

The Planning Department applies for and administers grants and programs to make the city a better place. Grant applications are often supported by community engagement activities, including surveys on the Lock Haven Civil Space Page.

Our snow crews work hard to clear our streets to make commutes safer for residents. City property owners are required to keep sidewalks, and curb ramps next to their property clear of snow and ice within 24 hours after snowfall stops.

Additionally, while not a requirement, if you live next to a fire hydrant and would like to help out our Fire Department, it should be cleared by at least 3 feet surrounding it!

## FIRE SAFETY TIPS FROM OUR FIRE CHIEF

### ➤➤➤ CHANGE THE BATTERIES IN YOUR SMOKE DETECTOR!

When we turn the clocks back on March 10th, change the batteries in your smoke detector at the same time to ensure the batteries are fresh.

Three out of five house fire deaths are the result of non-working smoke detectors!
