DEPARTMENT NEWS

»»» LOCK HAVEN POLICE

The Lock Haven Police Department recently received \$572,000 in grant money from the Local Law Enforcement Support Program. This grant money will provide new radios for Clinton County Sheriff's Dept., CU-Lock Haven, Mill Hall Borough, Pine Creek Township, Renovo Borough, and Woodward Township Police Departments.

The Police have been increasing their efforts to handle traffic related issues in our downtown to make a safer environment for pedestrians.

We are also increasing the patrols downtown as well as in parks. If you see an officer, feel free to say hello and get to know our men and women in blue!

»»» PLANNING

The Planning Department applies for and administers grants and programs to make the city a better place. Grant applications are often supported by community engagement activities, including surveys on the Lock Haven Civil Space Page.

At the end of 2023, the Lock Haven Skatepark project was completed and more improvements are planned at Hoberman Park in 2024. These improvements, among others, are an example of how grant funding is impacting our city!

»»» CODE ENFORCEMENT

New "Good Neighbor" door hangers will be distributed in the coming weeks, to educate residents about common code violations. Each month we will highlight a common code violation to look out for and correct!

»»» HOBERMAN SKATEPARK

On November 9, 2023, the City of Lock Haven held a Ribbon Cutting Ceremony for the newly constructed Hoberman Skatepark! The project was a labor of love made possible by many community meetings, design recommendations, and years of collaboration with local skaters and bikers. The skatepark is the first of a multi-phase effort for the redesign of Hoberman Park. Construction will begin later this year, with completion anticipated by the end of 2024.

AUGUST 3 PLAYGROUND BUILD <<<

We are teaming up with the national nonprofit KABOOM! to complete the final phase of the Hoberman Park redesign. We will have a community build on August 3, 2024, so mark your calendars, and stay tuned for more information regarding this exciting project!
